

TRACK AND ACCESSORIES DATA SHEETS

COMBO:

DOOR TRACK & HARDWARE:

MATERIAL: Galvanized High-Carbon Steel Track

THICKNESS: Heavy 14 gauge

WEIGHT LIMIT: Handle doors up to 600 lbs. with one set of trolleys.

SIZES: 8' to 20' other lengths are available upon request.

DESCRIPTION: Smooth round bottom surfaces with bottom slot for self cleaning to prevent dirt and moisture build up. Flat top with projection-welded brackets at 2' intervals (inset 1' from ends) for maximum strength and solid installations. Self-cleaning and self-aligning.

Projection welded brackets are pre-set to assure correct installation (back side of track will be in contact with the header) eliminating deflection from heavy rolling doors.

Mounts with nails or lag bolts.

111081-111202	COMBO track with side-mount brackets
112081-112202	COMBO track with top-mount brackets
113081-113202	COMBO track with top-mount stud bolts 3/8" stud bolts welded on top of track at 2' intervals for overhead mounting.
113000	COMBO side mount, 90° curved track with 36" - Not available with top-mount brackets or stud bolts.
119500	Offset track extension bracket: For supporting track that extends beyond the door opening. Eliminates cutting metal siding or extending the header.
119000	Splice collar: Locks two track sections together in perfect alignment at the joint.
131000	Track end plug: Bird-proofs track when bolted into each end of the track run.

TROLLEY HANGERS:

WEIGHT LIMIT: Up to 600 lbs.

MATERIALS: Long, underslung, tough, ball-shaped, self lubrication, delrin-500 trolley wheels (No metal-to-metal contact). Roller bearings for heavier doors.

Teflon grease is added for even smoother operation

Polished-steel rolling bearings optional

149500	9-1/2" offset-bolt trolley hanger - For wood- or metal-frame doors. SWING: 180° swing in either direction THREAD: 5" for vertical adjustment.
149550	Roller-bearing, 9-1/2" offset-bolt trolley hanger
146500	6-1/2" offset-bolt trolley hanger
146550	Roller-bearing, 6-1/2" offset-bolt trolley hanger
144500	4" straight-bolt trolley hanger
144550	Roller-bearing, 4" straight-bolt trolley hanger
142500	2-1/2" straight-bolt trolley hanger
142550	Roller-bearing, 2-1/2" straight-bolt trolley hanger

TRACK AND ACCESSORIES DATA SHEETS

141500	Wood door trolley hanger - Split-stirrup provides up to 30° swing in either direction.
141550	Roller-bearing, wood door trolley hanger
142500T - 149550T	Trundle Trolley Hangers

TRACK BRACKETS:

MATERIAL: 16 gauge, galvanized steel.

119300	Double-track, side mount bracket Mounting parallel runs of stud-bolt track for by-passing doors. Tracking holes are slotted to provide lateral track adjustment for 2" to 4-1/2" thick doors.
119350	Double-track, side mount bracket with track cover support

"COMPLETE" COVER BRACKETS:

For mounting track cover which extends beyond the actual run of track. Consists of track-cover bracket welded to a track-mounting bracket.

MATERIAL: 16 gauge, galvanized steel.

115500	Complete, side-mount track cover bracket
116500	Complete, top-mount track cover bracket
117500	Complete, "Snap-Up" track cover bracket
114500	Complete, side-mount track cover bracket for doors up to 6" thick
116550	Complete, top-mount track cover bracket for doors up to 6" thick

"SNAP-UP" COVER BRACKETS

Patented COMBO "Snap-Up" cover brackets are conveniently out-of-way while mounting track and hanging doors
No fasteners needed.

MATERIAL: 16 gauge, galvanized steel.

115000	Standard track cover bracket
117000	"Snap-Up" track cover bracket
114000	Track cover bracket for 6" door.

PLY-TRAC: SLIDING DOOR TRACK & HARDWARE

MATERIAL: Heavy-duty 14 gauge G90 steel all around track

WEIGHT LIMIT: Up to 450 lbs.

SLOTS: Key hole type on top to accept mounting brackets. Slot at the bottom for self-cleaning making for smooth operating doors. Bracket slots are 2' intervals (inset 1' from ends) and will accept to mount, side mount or stud mount type brackets

PLY-TRAC:

PT-1061 thru PT-1202	PLY-TRAC
PT-4000	PLY-TRAC side mount bracket
PT-4100	PLY-TRAC side mount cover bracket
PT-4200	Top mount cover bracket for PLY-TRAC
PT-4796	Bolt package
PT-9000	PLY-TRAC Splice collar
