

VINYL OVERHEAD DOOR STOP

*An Overhead Door Stop with set back wipe seal for weather stripping on vertical jambs and headers.
Allows door to rub on stop when operating and not cause early wear on wipe.*

- Attractive Woodgrain Texture embossed into the surface.
- Durable solid PVC base with flexible Dual Durometer extruded Wipe.
- Maintenance Free - Contains UV inhibitors to reduce fading.
- White or Bronze are standard colors.
- All colors are crack resistant even at very cold temperatures.
- Special order colors check with factory.
- Pre-Punched for Your Fastener Every 8"
- Standard Lengths - 7', 8', 9', 10', 12', 14', 16', 18'
- Cartoned 15 Pieces Per Length and Color.

Installation Instructions

1. Measure top of door opening. Cut off any excess Weather Stop to fit opening. Install top piece first.
2. Measure sides, cutting off excess if necessary. Install sides butting to top installed piece.
3. Trim soft vinyl with scissors to lap over each where seams are necessary and at corners and top and bottom.

Due to Plyco Corporation's ongoing commitment to product improvement, we reserve the right to change, without notice, product specifications, availability, prices and conditions of sale.
